

walking with purpose

October – April at Our Lady of the Fields, Tuesdays 6:30pm

Have you been trying to live responsibly and meaningfully, yet find your heart remains unsettled and anxious? Navigating life as a young woman is not easy, and our own interior dialogues don't help. *Heart of Vines* is a gentle and affirming guide for believers and skeptics alike. This hardcover book, authored by Lisa Brenninkmeyer and Katie Brenninkmeyer, offers a fresh perspective on a divine love that speaks directly to our deepest hungers, fears, and hopes. Is the life you are pursuing slowly killing you? There is another road you can travel—one that leads to a life of flourishing, purpose, and rest.

*We hope you will join us this year - you are **welcome** here!*
